Important Map Information

The America's choice/Local Digital Choice rate map shows approximately where rates apply and is **not** a depiction of actual service, or rate availability or wireless coverage. Check roaming indicator on your wireless phone to determine actual areas where rates are available. The mapped territories contain areas with no service. Wireless service subject to network and transmission limitations, including cell site unavailability, particularly in remote areas. Alaska has limited service. Customer equipment, weather, topography and other environmental considerations associated with radio technology also affect service.

The following cities and their surrounding areas are the top 200 licensed markets in the America's Choice network. Other cities and towns that are in the America's Choice rate area are not shown at this time. In these areas, you will be charged the America's Choice home airtime rates when using a tri-mode phone with Verizon Wireless' most current America's Choice preferred roam list. When outside these areas, calls will be billed the roam rate of \$.79 per minute, including long distance. See rate map and calling plan for details.
